4T OIL / 20W40

MAXUP 4 STROKE ENGINE OIL SYNTH API SN JASO MA-2

4T 20W40 is superior performance 4-stroke motorcycle engine oil with triple action protective molecules, which protects engine, clutch and gears.

- Increase Engine Power
- Reduced engine wear
- Enhanced engine protection
- Superior all round engine
- Ensure faster pick up
- Enhance engine wear

Recommended for use in all type of 4-stroke motorcycle of Hero, Honda, Bajaj, TVS, Suzuki, Yamaha etc.

Pack Sizes (in litres) | 900ml | 1ltr | 20ltr | 50ltr | 210ltr |

4T OIL / 10W30

MAXUP 4 STROKE ENGINE OIL SYNTH API SN JASO MA-2

4T 20W40 is superior performance 4-stroke motorcycle engine oil with triple action protective molecules, which protects engine, clutch and gears.

- Increase Engine Power
- Reduced engine wear
- Enhanced engine protection
- Superior all round engine
- Ensure faster pick up
- Enhance engine wear

Recommended for use in all type of 4-stroke motorcycle of Hero, Honda, Bajaj, TVS, Suzuki, Yamaha etc.
Meets The Requirements of API SN, JASO MA-2 standard.

Pack Sizes (in litres) | 900ml | 1ltr | 20ltr | 50ltr | 210ltr |

SHOCKER OIL

MAXUP

SHOCKER OIL

- Increase the life of front forks
 - Excellent seal compatibility
 - Superior damping effect
 - High oxidation stability and high temperature performance
- Always changes complete oil.
Do not top it up.

Pack Sizes
(in litres)

| 175ml

| 350ml

| 50ltr

| 210ltr

2T OIL / 2 STROKE

MAXUP ENGINE OIL | HI-PERFORMANCE

2T engine oil is low smoke hi-performance two stroke engine oil developed to meet the critical requirements of 2 stroke engines manufactured by all leading auto makers. It is blended from selected virgin base stocks and special proven additives to minimize spark plug fouling and pre-ignition, prevent rusting, minimize deposit formation and provide protection against seizure, scuffing and wear.

- Optimum Lubricants for excellent Performance and long life of the engine.
- Minimum carbon deposition eliminating need for frequent decarbonisation of engine and silencer.

Pack Sizes (in litres) | 500ml | 1ltr | 20ltr | 50ltr | 210ltr |

CNG POWER

MAXUP CNG 20W50

20W50 Gas Engine oil specially developed for vehicles operating on Natural Gas, LPG and Dual Fuel Suitable for Buses, Taxis, Cars and Auto-rickshaws

Product features & application benefits.

- ▶ Advanced wear protection to engine components operating in hot condition.
- ▶ Specially formulated to work in hotter gas engines. lower maintenance cost to the user.
- ▶ Excellent wear protection to engine components operating at extrema temperature.
- ▶ Recommended for lubrication of engines fueled by CNG under wide range of loads and driving conditions for on-highway vehicles like autos, taxis and passenger cars.

Applications

- ▶ Applications to use is all type of CNG & LPG Buses, Cars and Auto-rickshaws.

Pack Sizes (in litres) | 1ltr | 5ltr | 6ltr | 7.5ltr | 10ltr | 20ltr | 50ltr | 210ltr

COOLANT/ANTI-FREEZE

MAXUP

Coolant

COOLANT ANTI-RUST ANTIBOILING COOLANT Works effective in all seasons as an anti-overheating element and is made of high pure ethylene glycol mixed with very special durable anti-rust additives. improves the engine performance and keeps it in good condition.

- Easy,ready-to-use formula.
- Convenient for topping off.
- Compatible with any anti-boling solution.
- Protect aluminum and other metals.
- Prevents rust and corrosion.
- No harm to rubber of metal pump parts.

DIRECTIONS:-

Clean up the radiator with radiator flush if necessary. Fill the radiator with Special Coolant and 2/3 Water Shake can well before using and pour the entire contents of PSG, ANTI-RUST ANTIBOILING COOLANT into the radiator. DO NOT DILUTE. if system continues to overheat after use, you should have your vehicle checked.

CAUTION:

DO NOT REMOVE RADIATOR CAP WHEN ENGINE IS HOT.

Pack Sizes
(in litres)

500ml

1ltr

5ltr

20ltr

210ltr

TQ / STEERING

MAXUP

ATF

TYPE - A AUTOMATIC

TRANSMISSION

Maxup TQ is automatic transmission fluid specially developed to meet the general Motors specification. All vehicles fitted with automatic transmission & power steering fluid is recommended. All new generation automotive vehicles fitted with synchromesh gear boxes & power steering gear boxes.

Pack Sizes (in litres) | 500ml | 1ltr | 5ltr | 6ltr | 7.5ltr | 10ltr | 20ltr | 50ltr | 210ltr

AP-3 GREASE

MAXUP

AP-3 GREASE

NLGI-3

MAXUP AP-3 Grease is a high performance superior shear resistance grease, hence, has better structural & mechanical stability. This grease has service life of more than 30000 kilometers in automotive bearing application in proper circumstances. This grease is also recommended for roller bearings in axle boxes. It is developed by MOTO SPEED R & D.

Recommendation :

MAXUP AP-3 Grease is recommended for Wheel Bearings for long haul plying Trucks, all industrial bearings working under high load where chances of contact with water is possible.

Pack Sizes
(in litres)

| 500gm | 1kg | 2kg | 5kg | 10kg | 18kg | 180kg

EP-90/140/80W90 / GEAR OIL

MAXUP EP-90

EP-140 80W90

GEAR OIL

API GL-4

heavy duty gear transmission lubricant contains highly superior extreme pressure (EP) agents to suit various conditions ranging from light to heavy. chemically designed to meet internationally recognised standard specifications, it effectively protects the gear box from corrosion and wear and outstanding performance.

Available in two EP grades: EP-90/140/80W90

Recommendations and usage: Suitable for vehicles with hypoid gears, gearbox of fleet vehicles and agricultural vehicles.

Pack Sizes (in litres) | 500ml | 1ltr | 5ltr | 6ltr | 7.5ltr | 10ltr | 20ltr | 50ltr | 210ltr

AW-68/46/32 / HYDRAULIC OIL

MAXUP OIL-68/46/32 HYDRAULIC ANTI-WEAR

premium hydraulic oils are perfectly suited for hydraulic hybrid vehicles (HHVS) and provide lubrication for both the braking and power steering systems of the automobile. blended with highly refined paraffinic based mineral oils, it contains anti-wear properties that also protects against rust and oxidation. the oils have very low compressibility for longer service life within the hydraulic system. Available in three Anti Wear (AW) grades: Aw68

Recommendations and

usage: Gasoline and diesel passenger cars; Gasoline and diesel light fleet

Pack Sizes (in litres) | 1ltr | 5ltr | 10ltr | 20ltr | 210ltr |

MULTIGRADE / DIESEL ENGINE OIL

MAXUP 20W-40 ENGINE OIL API CF/SF

PSG High performance multi-grade engine oil is suitable for all season and provides excellent lubrication and protection for both gasoline and diesel engines. The high-viscosity blend is formulated to actively reduce the build-up of soot and cleans the engine so that it can operate more efficiently and also provide a better fuel economy and a smoother drive.

Recommendations and usage: Gasoline and diesel passenger cars; Gasoline and diesel light fleet vehicles; heavy-duty diesel trucks.

Pack Sizes (in litres) | 500ml | 1ltr | 20ltr | 50ltr | 210ltr |

15W-40/DIESEL ENGINE OIL

MAXUP 15W40 ENGINE OIL API CH/CI-4

15W40 is A Heavy Duty Diesel & Petrol Engine Oil. This Oil is Blended From Selected Highly Refined, High Viscosity Index Base Stocks And Contain Well Balanced Group Of Additives, To Provide High Detergency, Dispersancy And Anti Oxidation Characteristics To Meet The States. Performance Standards

PERFORMANCE BENEFITS

- Have exceptional thermal and oxidation stability to resist decomposition in supercharged engines operating with high ring zone temperature.

Pack Sizes (in litres) | 500ml | 1ltr | 5ltr | 20ltr | 210ltr |
